OUR POLICIES act like a Savings Bank.
OUR POLICIES are automatically non-
forfeitable.
OUR POLICIES pay Annual Dividends.
OUR POLICIES give the most Insurance
for the least money.

We keep an individual account with each
policy-holder like the banks do with their depos-
itors.

Insurance from 1 to 10 cents per day for from
\$1000 to \$3000.

RICHMOND, VIRGINIA
MEMBER ASSOCIATION OF AMERICAN DIRECTORY PUBLISHERS

2116

Introductory

THE FACT that Asheville is a live, progressive city cannot be denied, for there is no better proof of such a condition than a well patronized directory.

This is our first issue of the Asheville directory, and to our numerous patrons we return our sincere thanks for their liberal support.

To the general public we also return thanks for so cheerfully giving us needed information; and we hope that you will liberally patronize the public-spirited men who have advertised and thus aided in giving the citizens of Asheville a good (and much-needed) directory.

To those who did not patronize us because they feared that the work would be inaccurate, we say examine the book carefully, and if you like it give us your patronage next time.

As a number of copies of this book will be placed on file in other cities all over the country, we will say to those who may have occasion to refer to its pages, that Asheville, situated as it is upon a plateau 2,200 feet above the sea level and surrounded by mountains, enjoys the well deserved reputation of being one of the finest health and pleasure resorts in America. It is difficult to find a place so highly favored by nature, and so well adapted to the requirements of the invalid or pleasure-seeker, as the thousands of people from all parts of the country who visit here winter and summer can testify.

The data for this work has been carefully gathered and the compilation has been thoroughly done by experienced and competent men. The printing and binding has been done with more than ordinary care, and if those who are competent to judge do not agree with us in saying that this is the best directory of Asheville ever issued, we will be greatly disappointed.

Lastly: We hope there is no one in Asheville who is so inconsiderate as to wish to borrow his neighbor's cooking stove, umbrella or directory as the lender would need these articles at the same time that you might wish to use them, so if you need a directory, please call on our authorized agents and get one.

Very respectfully,

HILL DIRECTORY COMPANY,

1111 East Main Street, RICHMOND, VA.

August 1st, 1902.

LOOSE LEAF ACCOUNT BOOKS

Enable you to increase the volume of your Business without correspondingly increasing the expense in your Accounting Department

DOES OUR PERPETUAL LEDGER SAVE YOU MUCH TIME?

6349 Bookkeepers who had used our books more than three years were asked this question
6186 of them replied in the affirmative

LEAVES ARE HELD IN A VISE-LIKE GRIP
WHEN BINDER IS CLOSED

PATENTED
DEC. 22, 1885
JULY 1, 1890
FEB. 27, 1900
MAY 15, 1900

THE PERPETUAL LEDGER

A leaf may be easily inserted or removed from any portion of the Binder without disturbing another

BAKER=VAWTER COMPANY

ACCOUNTANTS - AUDITORS
DEVISERS OF BUSINESS SYSTEMS - MANUFACTURERS
GENERAL OFFICE AND WORKS, CHICAGO

Western Office and Works
ATCHISON, KAN.

Eastern Office and Work.
HOLYOKE, MASS.

SALES OFFICES IN ALL THE PRINCIPAL CITIES. WE VISIT EVERY TOWN
IN THE UNITED STATES

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run—less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY

FACTORIES: CHICAGO; ATCHISON, KANSAS
HOLYOKE, MASS.

SPECIAL LOOSE LEAF SYSTEMS

For the Purchasing Department

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System.

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K.'d invoice itself, and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent. of the amount of work done at present.

For the Sales Department

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks.

We can create an Order system, suitable to any business, whereby the original order can be used for filing, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System.

Adapted to most any business — an invoice and journal entry being made at one writing.

Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports.

For the Shipping Department

Safety Manifold Shipping and City Delivery Receipts and Books.

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated.

For the Accounting Department

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General Sales and Creditors.

Perpetual Trial Balance and Proof Books, Journal, Cash and Other Auxiliary Books

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,

Pocket Ledgers and Collection Reports.

Monthly Statement System.

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System.

By which any number of clerks can work thereon at one time without the necessity of rewriting.

For the Manufacturing Department

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

For Banks and Trust Companies

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books.

Our Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

Baker-Vawter Audit Department

Regular and Special Audits made for Corporations, Firms and Individuals. Financial and Physical Examinations by Experienced Auditors and Engineers. Takes Entire Charge of Corporation and Private Records, and Keeps Accounts of Executors, Guardians, Trustees and Receivers. Has Competent Practical Examiners for Banks, Insurance Companies and Other Financial Institutions.

A certificate from this company after a thorough examination is useful as a basis for credit, purchase or sale.

Complete Business Systems Devised

This Company makes a Specialty of Devising Complete Systems for Financial, Mercantile and Manufacturing Institutions, Employing all Well-known, Proven Methods and Appliances.

By means of these harmonious systems the results in each department are known in detail at the close of business. Accurate account is kept with all stock purchased and sold. By removing all friction between employees and departments, all work is greatly facilitated, and time and labor saved. Correspondence solicited.

BAKER-VAWTER COMPANY

OUR SECTIONAL POST BINDER

Holds securely one sheet or one thousand.

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one-half and six one-inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1897. DECEMBER 19, 1899.

Securely Locked by mechanism in top cover.
Key-hole shown in lower left hand corner of cut.

We have 60 salesmen covering the entire country. If one is not located in your city, he can call on you in a few days if you will notify our nearest office.

We are the originators and manufacturers of the Perpetual Ledger and many other Loose Leaf Labor-Saving Systems.

Asheville Street Guide 1902—1903

NOTE—All streets and avenues are arranged in alphabetical order; the house numbers are arranged in numerical order, with names of occupants after each number.

Blauks after numbers signify that such houses are vacant. Dash (—) before names denotes that the number is wanting.

Stars before names indicate that such are colored persons.

The location of the Suburbs of Asheville may be found at the end of this department.

SUPREME COURT

The Supreme Court meets on the first Monday in February and last Monday in August. Chief Justice, David M Furches, Statesville; Associate Justices, Walter Clark, Raleigh; Walter A Montgomery, Raleigh; Robt M Douglass, Greensboro; Charles A Cook, Warrenton; R D Gilmer, Waynesville, Attorney-General; Zeb V Walser, Reporter, Lexington; Thomas S Keenan, Clerk, Raleigh; R H Bradley, Marshall, Raleigh

The examination of applicants for license to practice law, to be conducted in writing, takes place on the first Monday of each term and at no other time. The docket for the hearing of cases from the First Judicial District will be called on the Tuesday next succeeding the meeting of the Court, and from the other Districts on Tuesday of each succeeding week, in numerical order, until all the Districts have been called.

SUPERIOR COURTS

The State is divided into sixteen Judicial Districts, and for each a Judge and Solicitor are elected. Judges are elected by the State at large; the Solicitors by their respective districts.
